Re: US vs. Robert Doggart Case No. 1:15-CR-0039

Dear Judge Collier:

We write as a follow-up to our communication of May 18, 2015 to this Court. As the Court is aware, we are the trustees of The Muslims of America, a religious organization incorporated under the laws of New York state and headquartered in Hancock, Islamborg NY. Our organization owns the mosque and ancillary buildings located on the property, which was targeted by Defendant Robert R. Doggart for destruction prior to his April 2015 arrest.

We respectfully move this court, pursuant 18 U.S.C. § 3771 (a) (1) (4) to allow us as victims in this matter to be heard on the issue of Mr. Doggart's plea agreement currently pending.

We respectfully do not believe that the plea arrangement is fair, reasonable or in the interest of justice as it relates to us as victims or to society as a whole.

We welcome the opportunity to come before Your Honor to offer an opinion as to what should be considered in any disposition of this case. We find it ironic and disappointing that Mr. Doggart stated during his terror attack planning that he wished not to die while killing the residents of Islamborg, and instead he wished to return home to the family he loved. Now, he is indeed home under house arrest and being cared for by the family who provides him love and comfort. Where is the punishment for his evil and criminal actions?
